This certificate is valid for 12 months from date of issue

Based on certain procedures performed, I have determined that the total annual revenue of the measured entity is less than or equal to R10,000,000. Based on certain procedures performed, I have determined that the level of black ownership / black women ownership is as set out in this certificate. My conclusion is subject to an inherent limitation in that my procedures performed were on historical financial information that might not have been subject to an audit or review. This certificate does not serve as a guarantee that the revenue or EME status reflected will continue at the same levels. Where the entity is a start-up enterprise this EME certificate is valid only for contracts with a single value of less than or equal to R 10 million. Should the contract value being tendered for be higher than R 10 million and less than R 35 million, the EME will be required to submit a QSE verification certificate with any tender. For contracts over R 35 million a generic B-BBEE verification certificate must be submitted.
